The University will take disciplinary action against a student for such an off-campus offense only when it is required by law to do so or when the nature of the offense is such that in the judgment of the Director of Student Judicial Affairs, the continued presence of the student on campus is likely to interfere with the educational process or the orderly operation of the University; the continued presence of the student on campus is likely to endanger the health, safety, or welfare of the University Community or places another individual within the University Community in reasonable fear of his or her own safety; or the offense committed by the student is of such a serious nature as to adversely affect the student's suitability as a member of the University Community. If the Director of Student Judicial Affairs determines that disciplinary action is warranted, disciplinary proceedings shall be conducted in accordance with University Regulation 6C1-4.016 and all other applicable regulations.
