NOTICE OF TECHNICAL CHANGE

Date: February 12, 2010

REGULATION TITLE: **REGULATION NO.**:
Policies on Information Technology   UF-1.0102

SUMMARY: The changes to this regulation are technical in nature and do not include any substantive changes that are required to be approved by the Board of Trustees.

AUTHORITY: BOG Regulation 1.001

THE FULL TEXT OF THE PROPOSED REGULATION IS ATTACHED TO THIS NOTICE.

REGULATIONSRULES OF THE

UNIVERSITY OF FLORIDA

6C1-1.0102 University of Florida; Policies on Information Technology.

(1)   As part of its educational mission, the University of Florida acquires, develops, and

maintains computers, computer systems and networks. These computing resources are intended

for university-related purposes, including direct and indirect support of the university's

instruction, research and service missions; university administrative functions; student and

campus life activities; and the free exchange of ideas within the university community and

among the university community and the wider local, national, and world communities. The

following policies, which are available at the University Office of Information Technology or

Information Technology website, http://www.it.ufl.edu/policies/, apply to all users of university

computing resources, whether affiliated with the university or not, and to all uses of those

resources, whether on campus or from remote locations.

(a)   Acceptable Use Policy, Revised 10/23/03

(b)   Spam Policy, Revised 10/23/2003

(2)   As part of its educational mission, the University of Florida acquires, develops, and

maintains data and information, computers, computer systems and networks. These information

technology (IT) resources are intended for university related purposes, including direct and

indirect support of the university's instruction, research and service missions; university

administrative functions; student and campus life activities; and the free exchange of ideas within

the university community and among the university community and the wider local, national, and

world communities. The Information Technology Security Policy, Revised January 29, 2004July

15, 2003, is available from the University Office of Information Technology or the Information Technology website, http://www.it.ufl.edu/policies/, applies to all people who maintain or manage university IT resources, their supervisors, and their unit administrators. It applies to all locations of those resources, whether on campus or from remote locations. This policy is intended to help protect data confidentiality, integrity, availability, accountability, and assurance.

Specific Authority: BOG Regulation 1.001 1001.74(4) FS.

Law Implemented 1001.74(6), (19), (40) FS.
